THE COMPANY

Max International, a distributor of Information and Communication Technology (ICT) products and service provider in Nepal was established in August 2006. Max International offers full range of products, solutions, and services in two key business areas- ICT infrastructure and IT Business Solutions designed to create value and support its customer's business growth.

We are strongly committed to facilitating transforming business molding with the latest technologies available in the sphere. Over the past 14 years, Max International has been leading the market with its wide range of top-class products and services. We have a skilled team working together to achieve a shared vision to establish Max as the prime IT solution provider.

With the virtuous partnership with global leading brands like Dell EMC, Juniper, VMware, HP, Nutanix F5, Checkpoint, Symantec, Lenovo, F5, Red hat, Oracle, MSI, Nutanix, Rittal, Checkpoint, Arista, Microsoft, Paloalto networks, Arista, AMD, etc. , we have been able to achieve laudative market share here in Nepal.

Run by young and dynamic entrepreneurs, the company had started its operation as a trading house of computers & other IT peripherals. Realizing the growing demand of backup services with the increase of use of IT products, Max International has been providing exemplary services to its valued clients.

THE MISSION

Being one of the largest provider of ICT products and services in Nepal, our mission is:

“To touch almost every aspiration for affordable quality ICT products of every individuals & back it up with quality support service.”
